

NAVIGATE THE ANNEX 1 MAZE WITH LACHMAN CONSULTANTS

You need Experience and Excellence to guide you!

Annex 1 is now available. Lachman Consultants is uniquely positioned to help you achieve your goal of regulatory compliance in aseptic manufacturing.

SEE WHAT ACTION YOU NEED TO TAKE TO PROTECT YOUR ASEPTIC OPERATIONS!

ARE YOU READY?

Do you have an action plan to change the old ways to meet the new regulations by August 2023?

A SAMPLE OF NEW EXPECTATIONS IN ANNEX 1 ARE LISTED BELOW.

- Alignment with a holistic look at PQS (Pharmaceutical Quality System)
- Wider view of a Contamination Control Strategy (CCS)
- Review of specific technology (i.e. RABS)
- Integration with Quality Risk Management
- Increased focus on use and management of third parties (component suppliers and critical service providers)

Lachman Consultants recognizes the myriad of challenges that Annex 1 presents and has developed unique methodologies to help companies see their vulnerabilities and assist them in taking the actions necessary to achieve regulatory compliance goal.

Our techniques are an ideal solution for all of your aseptic product needs, regardless of formulation and active ingredient(s).

GREAT COMPLIANCE IS GREAT BUSINESS... LET US HELP.

Contact Lachman Consultants and start your comprehensive assessment of Annex 1 compliance today.
